SMC Tile Niches are the ultimate space saver, and make it easy to keep shower products within reach.

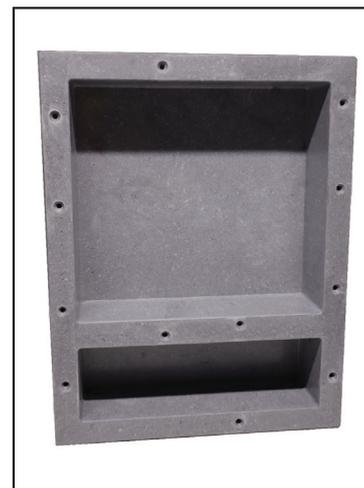

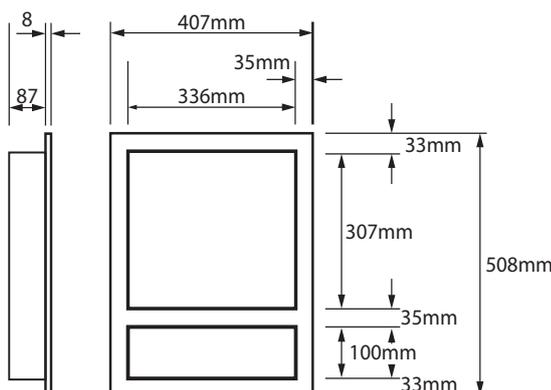

Designed to provide a watertight substrate ready for waterproofing and tiling, Fibre Systems Wall Niches are a fast and cost effective way to add a storage solution to any tiled wall.

SMC Niches are supplied with fixings and silicone, and are ready to be waterproofed and tiled over. Please remember NOTE - Preparing and tiling any wet area should only be undertaken by a PS1 certified professional.
