

Designed and engineered by

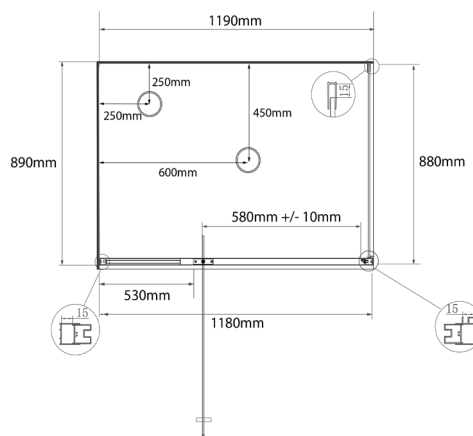

The Horizon shower range from Fibre Systems creates a new standard in ultra-low profile minimalist framing design. Horizon's robust materials and construction means that minimalism also means strength unrivalled by other shower cubicles of much bulkier design.

And installation is made easier with a level of adjustment unparalleled by current designs.

Horizons warranties also surpass all competitors with White and Silver framed cubicles covered by a 10 year warranty period, and Black coloured cubicles covered by 5 years”.
